## HUGHES IS ELECTED.

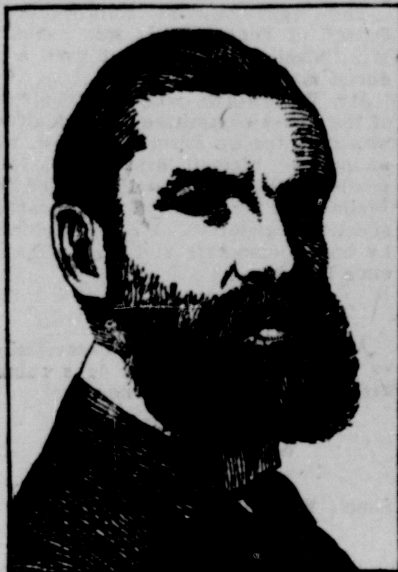

Republican Candidate For Governor Successful.

## GREAT VOTE POLLED

Hearst and the Remainder of the Democratic Ticket Made Surprising Gains in Cities Above the Harlem.

New York, Nov. 7.—According to returns received up to an early hour Wednesday morning Charles E. Hughes had won by 50,000. Outside of Greater New York, with 160 election districts missing, Mr. Hughes had a plurality of about 124,000. In Greater New York, with sixty-nine election districts missing, W. R. Hearst had a plurality of 75,000. Mr. Hearst carried all of the boroughs of the Greater City, despite the fact that the early returns seemed to indicate that he had lost Brooklyn.

No definite figures were available up to 3 o'clock Wednesday morning as to the results for subordinate state officers, and both Democrats and Republicans are claiming victories from Lieutenant governor down. The indica-

CHARLES E. HUGHES.

tions were that the legislature would show but little change in its political make up. The Tammany judiciary ticket in New York, with the exception of Otto Rosalsky for general sessions judge, Republican, has been elected.

State Chairman Max F. Ihmsen of the Independence League claimed that Hearst had been elected. He sent out late Tuesday night telegrams to all Independence League watchers to be on their guard to see that the full vote was counted.

Lewis S. Chanler appeared at the home of Mr. Hearst early Wednesday morning and asked for an immediate interview with Mr. Hearst. "I am certain," said he, "that Mr. Hearst has been elected."

Following the interview Mr. Hearst sent word to the newspaper men that he was not as yet prepared to make a statement. From the messages he had received and the report made by Mr. Chanler the result appeared to be altogether too uncertain to justify a statement by him at that hour.

Mr. Ihmsen later told Mr. Hearst that the results in several strong Republican counties were being held back. Thereupon Mr. Hearst remarked: "So they are up to their old tricks, are they?"

Mayor McClellan sent the following telegram to Charles E. Hughes: "Accept the thanks of one who believed in Democracy; believe, also, that its highest interests are served by your election."

Oyster Bay gave 152 Republican majority.

In Brooklyn, where Senator Patrick H. McCarren made a bitter fight

against Mr. Hearst, the latter carried the borough by a small plurality, probably 4,000. At one time it seemed that Hughes had been successful in Brooklyn, but the late returns were all strongly in favor of the Democratic candidate.

Mr. Hearst has been given a majority of nearly 70,000 in Manhattan and the Bronx. Queens county, which includes Long Island City, has gone for Hearst by from 6,000 to 8,000, and Richmond (Staten Island) has also given the Democratic candidate a plurality.

As was generally expected, Mr. Hearst showed his greatest strength in the cities throughout the state, and took out of the Republican column a number of the more important municipalities which heretofore have been Republican. Among the cities which gave Hearst a plurality were Buffalo, Rochester, Utica, Troy, Elmira, Rome, Little Falls and Johnstown. All of these except Utica and Rome were Republican two years ago. Mr. Hughes did not gain a single city. The Republican ticket sustained serious losses in Syracuse, Gloversville, Amsterdam, Ithaca, Schenectady and Watertown.

### MISSISSIPPI.

The election in Mississippi passed off without incident, the vote being light in each of the congressional districts. The Democratic candidates were without opposition, and Mississippi returns the same representatives to the Sixtieth congress that served in the Fifty-ninth. The usual off-year majorities were given each of the candidates. The constitutional amendments, it is believed, were adopted by small majorities.

### IOWA.

It will require the official count to determine the result for governor. Returns from 250 precincts show a loss of 40 per cent for Cummins. If this ratio is maintained Porter, Democrat, will have a small plurality.

### NORTH DAKOTA.

North Dakota is in doubt. Both chairmen claim it.

### WEST VIRGINIA.

Indications are the Republicans elected all five congressmen. They also have a majority of the members of the legislature, which elects a successor to Senator Elkins.

### NORTH CAROLINA.

Late returns indicate a Democratic majority in North Carolina of over 40,000. In the Eighth district Hackewa, Democrat, defeats Blackburn, Republican, by a bout 500. In the Tenth Crawford, Democrat, wins by over 1,200 majority.

### WISCONSIN.

The Republican state ticket, headed by Governor James O. Davidson, swept the state by an estimated plurality of at least 40,000 over John A. Aylward, the Democratic candidate.

### MINNESOTA.

Johnson, Democrat, is re-elected governor by over 60,000. J. W. Lawson, manager of the press bureau of the Republican state central committee, instructed his clerk to state there was a landslide for Johnson.

### KANSAS.

The state chairman of each party claims the election of governor. The vote is so close that it is impossible to make an accurate prediction at this time, although it is probable that Hoch has been re-elected by about 10,000 plurality over Harris, Democrat.

### DELAWARE.

The Republicans have carried Delaware and elected Burton for congress over Marvel, Democrat. They will also control the Delaware legislature that will elect a successor to United States Senator Aleo, Republican.

### MICHIGAN.

Based on scattering returns the Republican state central committee estimates Governor Warner's plurality at about 100,000.

### FUNERAL OF MR. J. H. SUBER.

The funeral of Mr. J. H. Suber was held yesterday. Dr. Butler conducted the service at the family home at 10 o'clock in the presence of a large assemblage of friends. A long procession followed the remains to the Bryan city cemetery, where others also assembled to pay respect to Mr. Suber's memory. There were many handsome floral offerings. The active pall bearers were: W. C. Boyett, J. W. Carson, A. W. Buchanan, Ed Hall, Jno. M. Lawrence, Webb Howell, A. G. Board and M. M. Burford. Honorary pall bearers: M. Parker, S. B. Buchanan, T. T. Goodwin, James Boxley and I. H. Newton.

The San Antonio Express says: Mrs. J. P. Nelson and Miss Ida Nelson are entertaining a house party during the fair. Their guests are Misses Katherine Fleming of Victoria, Nellie Rohde of Bryan, Margaret Barrett of Roswell, Addie Walters of Houston, Lillian Miller of Chicago; Messrs. Carl Cole and Roy Buchanan of Bryan, M. Smith of Victoria, G. Walters of Houston, Wolton Conoly of Fort Worth.

Position Wanted—By young German; speaks English well. Good habits. References. Address "German," care Eagle, Bryan, Texas.

### HEYCK-ADAMS WEDDING.

Celebrated at St. Joseph's Catholic Church in this City Yesterday Evening.

A large assemblage of friends witnessed the marriage of Mr. Eugene A. Heyck of Houston and Miss Nonie Adams of this city yesterday evening at St. Joseph's Catholic church, Rev. Father Gleissner officiating. Decorations of palms and ferns contributed to the beauty of the scene, and the altar was brilliant with the glow of innumerable candles.

Mrs. T. K. Lawrence presided at the organ, and just preceding the entry of the bridal party, Miss Hettie Smith sang "Because." This was followed by the Lehengrin wedding chorus, sung by Mrs. J. Webb Howell, Miss Betts and Messrs. Withers and Law, as the party came in. The bride was attended by her father, Major Cliff A. Adams, and was met by the groom at the altar, where the grouping of the company presented a charming picture during the celebration of the marriage rite. The wedding party included the following: Mrs. J. Allen Kyle of Houston, matron of honor; Miss Alberta Adams, maid of honor; Misses Ida May Griffith of Dallas, Norma Calhoun of Houston, Lilla Graham McInnis, Jessie Garth, Hettie Smith, Jennie Howell, bridesmaids; little Misses Dorcas Parker, Ara Haswell, Mary Lou Cowser of Dallas, Lila Adams, flower girls; Otis K. Hamblen of Houston, best man; G. C. Cranz, Norman G. Kittrell J. K. Foley, Jas. A. Giraud and J. W. Garrow of Houston, groomsmen; Robt. W. Howell, Geo. W. Smith, F. C. Oliver and W. J. Coulter, ushers.

At the home of Major and Mrs. Adams, parents of the bride, a reception was tendered and many were the friends gathered together for the happy occasion. Roses, carnations, chrysanthemums, palms, ferns and smilax enhanced the charm of the reception hall, parlor, library and dining room, while in the library a cluster of magnificent lilies formed the wedding bells above the heads of bride and groom as they received congratulations. Major and Mrs. Adams, Mrs. A. R. Cowser and Mrs. Frank Gray of Dallas welcomed the guests in the hall and they were received in the library by Mr. and Mrs. Heyck and the bridal party, and in the dining room by a number of the lady friends of Mrs. Adams. The punch table in the hall, presided over by Misses Mary Ross Parker and Pauline Webb, was adorned with

satin and smilax, and no less beautiful was the arrangement of the table in the dining room. Music by an Italian harpest and dainty refreshments made the complement of pleasures complete.

The bride's dress was of chiffon radium with point lace panel and bertha, and an heirloom veil. She carried a white prayer book. The matron of honor wore a silk mouse-line elaborately trimmed with Irish crochet. The maid of honor was crowned in white chiffon trimmed in German val. The bridesmaids wore white chiffon and carried bunches of plumosa fern with tulle streamers.

The esteem in which the bride and groom are held was attested not only by the presence and expressions of friends, but by the wealth of lovely gifts received, coming from all parts of the state.

Beloved by the people of Bryan from her infancy, the bride possesses in the fullest measure the womanly qualities which bless the home and adorn the social sphere.

The groom is a son of Mr. and Mrs. Theodore Heyck, and prominent in the commercial and social life of Houston. He is identified with a leading manufacturing enterprise of that city.

Numerous telegrams of congratulation were received from various parts of the State during the reception.

Mr. and Mrs. Heyck left last night for a two weeks' wedding trip and will be at home, 1117 Main street, Houston, Dec. 1.

### Too Few and Scattered.

Santa Fe, N. M., Nov. 7.—Returns are still too few and scattered to give any estimate of majorities for joint statehood and for Delegate Andrews, but they will be between 4,000 and 7,000 for each. The statehood vote seems to be only one-half the vote polled on local tickets, apathy being pronounced.

### Statehood Vote Light.

Phoenix, Ariz., Nov. 7.—The vote for joint statehood in Arizona is estimated not to exceed 15 per cent of the total vote and may be even less. This calculation is made on partial returns from ten out of thirteen counties. The legislature is strongly Democratic.

### WISH GRATIFIED.

President's Appeal For a Republican Congress Was Responded To.

Washington, Nov. 7.—President Roosevelt's appeal for a Republican congress was not in vain. With the count still going on the result so far shows the election of 211 Republican congressmen and 155 Democrats, with twenty districts to be heard from. There are 386 seats to be filled in the house and should the Democrats get the remaining twenty they would still not have control. The most sanguine prediction put out by Chairman Sherman previous to election was that the Republicans would retain control of the house by fifty. As returns stand now the Democrats have gained twenty-one districts held in the present congress by Republicans, as follows: In Illinois, 2; Indiana, 2; Iowa, 1; Missouri, 4; Nebraska, 1; New Jersey, 1; New York, 1; North Carolina, 1; Ohio, 3; Pennsylvania, 5, and Wisconsin, 1.

In Illinois the defeated Republicans are Rives and Dickson of the Twenty-first and Twenty-third districts. In Indiana, Cromer of the Eighth. In Iowa, Lacey of the Sixth. In Missouri, Fulkerson of the Fourth, Ellis of the Fifth, Welborn of the Seventh and Caulkins of the Fifteenth. In Nebraska, Kennedy of the Second. In New York, Wadsworth of the Thirty-fourth. In New Jersey, Pickett of the Ninth. In North Carolina, Blackburn of the Eighth. In Ohio, Douglas, who beat Grosvenor for the Republican nomination. In Wisconsin, Babcock gives his seat to a Democrat. In Pennsylvania, Dale of the Tenth, Palmer of the Eleventh and Samuel of the Sixteenth. Republicans gained in the Third Kentucky district, where A. D. James defeated Representative Richardson. This is the only Republican gain so far reported.

Speaker Cannon received his usual 15,000 majority and comes back to congress for the seventeenth time.

The fight against Representative Dalzell of Pennsylvania was futile, as Mr. Dalzell is elected, but with a reduced majority.

Mr. Wadsworth, who was chairman of the house committee on agriculture, was defeated by Peter A. Porter, who announced himself first as an Independent Republican and attacked Mr. Wadsworth's record on the meat inspection legislation. He was endorsed by both Democrats and the Independence League.

### To Soon Submit.

Austin, Nov. 7.—Land Commissioner Terrell will in a few days submit his report to the governor.

### WHAT IS CATARRH?

Simple Way to Overcome the Dangers of This Disagreeable Disease.

Catarrh is an inflammation of the mucous membrane of the nose, throat and lungs, with many annoying symptoms. In this climate there are few who do not suffer from this disagreeable disease, often in a chronic and dangerous state.

Fortunately, within the last few years, a simple and reliable treatment for catarrhal troubles has been found—Hyomei, a combination of healing and germ-killing balsams, that when breathed through the neat pocket inhaler that comes with every outfit, reaches the tiniest cells in the respiratory organs, carrying its healing and health giving properties to every part where the catarrhal poison is present.

Used in this way, Hyomei kills all catarrhal germs; drives the poison from the system and heals all irritation that may be present in the mucous membrane.

If you have the ordinary catarrhal symptoms, such as offensive breath, burning pains in the throat, cough, raising of mucus, difficulty in breathing, sneezing, discharge from the nose, droppings in the throat, coughing spasms, etc., begin the use of Hyomei at once.

A complete Hyomei outfit costs but \$1, extra bottles if needed, 50 cents, and is sold by E. J. Jenkins under an absolute guarantee that it will cure catarrh or money will be refunded.

### HERING SENTENCED.

Both He and Stensland Have Indeterminate Terms Given.

Chicago, Nov. 6.—Paul O. Stensland, former president of the Milwaukee Avenue State bank, who was arrested in Tangier, and Henry W. Hering, cashier of the same institution, were sentenced by Judge Pinckney in the criminal court to indeterminate terms in the penitentiary for embezzlement and forgery. These sentences may run anywhere from one to ten years. The new sentence given Stensland will not lengthen his term of imprisonment, as the new sentence is concurrent with the old.

Stensland had been brought from the penitentiary to Chicago to give evidence against Hering. He said that the irregularities in the bank began ten years ago, when he commenced to invest the funds of the bank in real estate. During the last eight years, he declared, he had lost \$400,000 in real estate transactions. He also lost \$218,000 in running a co-operative store. Stensland declared that he kept investing the money of the bank in real estate deals and to use it for the payment of his debts, at the suggestion of Hering. He asserted that he had never forged, despite the fact that he had pleaded guilty to forgery when he was brought back to this country.

"All transactions Hering knew about," declared Stensland, "and they were all credited to my account."

At the conclusion of Stensland's testimony Hering was called to the bar of the court and, withdrawing his plea of not guilty, entered a plea of guilty, and both men were then sentenced.

### RACE RIOT RESULT.

Two White Men Fatally Wounded and Some Negroes Thought Shot.

Hattiesburg, Miss., Nov. 6.—As a result of a race riot at Wiggins, Miss., thirty-five miles south of this city, Sunday afternoon and night, two white men were fatally wounded and several negroes are believed to have been shot.

The trouble originated when, in the slitting arrest, William Smith, a negro, shot and fatally wounded Deputy Marshal Mitchell. Smith was later captured after he had barricaded himself in his house and defied capture. He surrendered only a mob had threatened to burn the building. He was lodged in the village jail, and Sunday night a mob dynamited the jail, fired into Smith's cell, badly wounding the negro. A crowd of negroes gathered while the jail was being stoned and fired in the mob. Over 500 shots were exchanged. During the exchange of shots D. M. Clark, a white man, was fatally wounded, and several negroes are believed to have been shot.

Late Monday afternoon 200 armed white men patrolled the streets.

### O'BRIEN RESIGNS.

Presiding Justice of Appellate Division Is to Retire.

New York, Nov. 6.—Justice Morgan J. O'Brien, presiding judge of the appellate division of the supreme court, filed his resignation with the secretary of state, and will resume the practice of law in this city. Justice O'Brien, with former President Cleveland and George Westinghouse, is a trustee of the Thomas F. Ryan purchase of the Hyde estate stock of the Equitable Life Assurance society.

### SUIT TO BE FILED.

Five Thousand Negroes and Many White Men Affected.

Tulsa, I. T., Nov. 6.—Suit will be filed in the United States court to deprive the freedmen in the Cherokee nation of their right to allotment. This announcement was made by local representatives of the attorneys in the intermarried white cases of the Cherokees, which was decided adversely to the whites by the supreme court of the United States Monday.

The suit will affect 5,000 in the Cherokee nation, also many whites who have purchased freedmen's lands.

### BLEW OUT HIS BRAINS.

Convicted Wife Murderer, Out on Bail, Ends Existence.

Baltimore, Nov. 7.—In a cheap lodging house Dr. J. Baxter Matthews of Greensboro, N. C., blew out his brains with a shot from a 32-caliber revolver. Dr. Matthews was convicted March 9, 1906, at Greensboro of poisoning his wife. He had been out under bail pending the decision of his appeal for a new trial, which was denied him.

### PRINT SHOP "PIED."

Several Hundred Dollars' Worth of Type Scattered on the Street.

Coalgate, I. T., Nov. 6.—The office of the Coalgate Record was entered Sunday night and several hundred dollars' worth of type and printing material scattered over the street. The Democrat has been a most aggressive sheet. One hundred dollars will be paid for the perpetrator of the outrage.

### Candidate Drops Dead.

Marquette, Wis., Nov. 6.—D. Trotter, Democrat, for county treasurer, dropped dead Monday at his home here. R. C. Havling, the Republican candidate for the same office, is critically ill.

### BREVITIES BUNCHED.

Methodist general missionary committee meets next year at Seattle.

Apple crop of the United States is estimated at \$6,120,000 barrels.

After a week's session the conference of Oklahoma United Brethren, held at Shawnee, adjourned.

### SLAIN AND BURNED.

Remains of Wash Anderson, a Negro, Horribly Mutilated.

Seguin, Tex., Nov. 6.—A horrible tragedy occurred about twelve miles east of Seguin, on Nash's creek, when Wash Anderson, a young negro, was burned to death and his house destroyed. The young negro was supposed to have been killed or desperately wounded before the house was set on fire. His bowels were lying by his side, and he was literally cut to pieces. The murderers are supposed to have set the house on fire to cover up their deed.

### RECORD PRICE.

Farmer Sells Bale of Cotton at Twenty Cents Per Pound.

Annona, Tex., Nov. 6.—J. D. Givens, a farmer residing six miles north of here, sold a bale of cotton to F. B. Puckett for 20 cents per pound.

### The Battle of Redonda.

Not far from St. Thomas, a matter of perhaps a hundred miles, was fought the most wonderful naval battle in all history. The Dutch admiral detected the enemy in the early morning, when the sea was covered with a thick mist, and his guns opened fire at once without warning. The fire was returned with interest, the ocean fairly quivering with spasms caused by the shock of frequent discharges. Somehow or other the enemy's shots, which sounded like a bombardment, seemed to fall short or go wide of the mark, for not even a splash of a ball was heard, and the Dutch ships remained unscathed. On the other hand, the Dutch could not see the terrible execution their guns were doing until nearly the middle of the forenoon, when the fog lifted, revealing to their astonished gaze not the vessels of the enemy, but a great rock standing out of the sea. They had been firing at it for five hours, and the sound of the return shots they heard was the echo from the solid wall of granite. They named the place Redonda, which means sent, rolled or driven back, and Redonda it is to this day.

### One of the Family.

James Seymour, the artist, was born in London in 1702. He displayed a fondness for drawing and painting in boyhood and subsequently gained celebrity by his skill in designing horses. Once the proud Duke of Somerset employed Seymour to paint a room at his seat in Sussex, with the portraits of his running horses. Having admitted the artist to his table, he one day drank to him, saying:

"Cousin Seymour, your health."

The painter replied, "My lord, I really believe that I have the honor of being of your grace's family."

This hurt the pride of the duke so much that he rose from the table and ordered his steward to pay Seymour and dismiss him. Finding, however, that no one in England could complete the pictures begun, he condescended to send for his cousin. The painter responded to the message in these words: "My lord, I will now prove that I am of your grace's family, for I won't come."

### Sea Otter Skin.

The furrier was taking his stock out of the cold storage room. It came forth frozen stiff and coated with glistening white frost. But there was one beautiful skin that, though just as stiff as any of the others, had no frost on it. "I want you to look at this skin," he said. "It is the kind that the richest Russians, grand dukes, and so on, have their overcoat collars made of. It is a sea otter's skin, and it is so expensive that often one coat collar of it will cost \$300. It is unquestionably the best skin in the world to make coat collars of. Why? Look at this one, and you'll see. All my other skins are covered with frost, while on this fur no frost whatever appears. And that's the reason why sea otter skins make the best coat collars. The breath, for some unknown reason, doesn't freeze on them."

—New York Press.

### Found Guilty of Rioting.

Atlanta, Nov. 6.—I. H. Carr, a white man, was found guilty of rioting by a jury in the city court. Judge Pendleton reserved sentence. Carr was indicted with several others in connection with the recent race riots here.

## Rest the Stomach

Nothing will relieve indigestion that  
doesn't digest the food, itself, and give  
the stomach a perfect rest.

You can't reasonably expect that  
any weak stomach will regain its  
strength and get well when it is  
compelled to do the full work that a  
sound stomach should do.

You wouldn't expect a sick horse  
to get well when it is compelled to do a  
full day's work every day of the week.  
Your stomach must have rest.

But it isn't necessary to starve yourself  
in order to rest your stomach.

Kodol Dyspepsia Cure is a perfect  
digestant. It will digest all of the food  
you eat regardless of the condition of  
your stomach.

## Kodol Dyspepsia Cure

Stomach, Flatulence, Headache, Water  
Brash, Belching of Gas, Nausea, Gastritis,

of the food.

I had dyspepsia in its worst form; was reduced in weight to 118 pounds. After using two and one-half bottles of Kodol, I was completely cured and restored to my usual weight of 145 pounds.

BY CARNES & WALLACE.

BRYAN, TEXAS, NOVEMBER 8, 1906

If New York can stand Hughes we can, provided he will keep his whiskers out of the newspapers.

The Denver Post says: "Denatured alcohol, hailed with joy by farmers, motorists, chemists and all who pay tribute to Rockefeller, has been sideswitched so that it will not be a rival to the trust that controls the price of ordinary alcohol." As long as John D. can denature the laws he will attend to all the industrial products in which he is interested, denatured or otherwise.

Burbank has produced an apple that is red and sweet on one side and yellow and sour on the other. Just like the home and company manners of some people, ain't it?—Navasota Examiner.

The Pullman sleeping car octopus is shown to have a surplus of twenty-nine millions of dollars in its treasury, squeezed out of the traveling public. This does not include the holdups of the porter, either.—Palestine Herald.

President Roosevelt has established another new precedent and won plaudits by dismissing from the army in disgrace the battalion of colored troops involved in the outrage at Brownsville, Texas, last August. They are further forever barred from the army and navy and from government employment of any character.

Dallas News: What would be more interesting, what would give more impetus to the factory movement than a display of factory operations where a majority of the adult population of the State gathers annually? Just as a starter on this line, The News would suggest the installation of a cotton mill on the State Fair grounds. It believes that it can be provided at a very moderate cost, and further believes that a mutually satisfactory arrangement for its operation could be made between the Fair Association and the textile school of the Agricultural and Mechanical College. It need not stop with a display of cotton manufacturing. The making of other goods and wares could be profitably illustrated.

We hope the suggestion of The News will be adopted. A. & M. will furnish the right sort of men if Dallas will do her part.—The Battalion.

## PROF. FERMIER, THE HEAD OF THE NEW M. E. DEPARTMENT.

Professor Emile Jerome Fermier, who has recently come to take charge of the Department of Mechanical Engineering, succeeding Professor Whitlock, received his general education in the schools of Indiana, in which State he was born.

At the age of eighteen he received the degree of B. S. from the Indiana State Normal school at Valparaiso. His technical education was received at Purdue University where he was graduated in 1894 with the degree of B. M. E. He was at that time selected by the Faculty to represent the School of Mechanical Engineering at the Commencement exercises.

In 1895 he received his advanced degree from the same institution, having been instructor in the Mechanical Department during 94-95. While yet an undergraduate at Purdue he was engaged as assistant in the University of Michigan where he taught descriptive geometry and photography.

He has had experience in teaching mathematics and the sciences in the Military Academy at Upper Alton, Illinois, and established and organized Manual Training in the city of Detroit, Mich. He also was for some time Director of Manual Training at Oak Park, Illinois, from which position he was called again to Purdue where he remained until coming to the A. and M. College of Texas.

At the time of his resignation at Purdue, he occupied the position of Assistant Professor of Applied Mechanics. Professor Fermier, while at Purdue, conducted considerable research work in matters pertaining to the strength of materials, in which subject he was particularly interested.

He was a charter member of the Purdue chapter of Tau Beta Pi, an honorary Engineering Fraternity, and for a number of years a member of the National Executive Council of this organization.

He is also a member of the American Society for the Promotion of Engineering Education.

He was married in June 1905, to Miss Nora E. Barnhart of Grand Rapids, Mich., who accompanies him here.—The Battalion.

## THE NEW VISIBLE

## At Last a Perfect Visible Typewriter

The One Typewriter That Correctly Solves the Objections That Have Always Heretofore Been Made Against "Front Strike" Machines.

Visible writing has always been considered as desirable by practically all typewriter manufacturers, but the difficulties to be overcome in construction in order to secure durability have discouraged the very large adoption of these machines. The invention of the method of assembling the type bars as it is done in the Fox Visible has, however, made possible the use of a wide pivot bearing in the type hanger, thus insuring the most perfect alignment at all times and a durability that is equal to that claimed for any "basket type" machine. In building this new model, we have all the advantage of the knowledge that we have gained in building and placing the regular Fox models on the market and we are able to avoid all those experiments found in new machines which are expensive to the purchaser.

## Here is a Short Description.

**THE TYPE HANGER**—The hanger has a pivot bearing 7-16 of an inch wide. This allows the use of a heavy type bar, providing an adjustable pivot bearing which takes up wear as it occurs, thereby giving a permanent alignment that is impossible to secure with a narrow bearing without adjustment, and avoiding the trouble caused where "forced alignment" is necessary. This is the feature that has heretofore been considered as being impossible to secure in a visible writing typewriter. It is found only in the Fox and places the Fox Visible in a class by itself.

**TWO COLOR RIBBON**—The ribbon movement on this machine is simply perfection. It reverses and oscillates automatically, requiring no attention from the operator from the time it is put on until worn out. When a two color ribbon is used, by simply touching a button on the keyboard the second color is secured instantly without raising the hand or even looking.

**THE INTERCHANGEABLE CARRIAGE**—The carriage is so constructed that it can be quickly removed and a carriage of different length substituted. One

machine can be purchased with different sizes of carriages, thereby effecting a great saving over the ordinary method of buying a long carriage machine complete. The carriage is ball bearing and runs with a tension of only 1 lb.

**PERFECT VISIBLE WRITING**—The entire line is visible all the time.

**THE KEY TENSION**—The force required on the part of the operator to print a letter is only 2½ ounces. This is from 25 to 50 per cent. less than any other. It is a vital thing both from the operator's standpoint of less fatigue and the owner's of greater durability.

**THE LINE LOCK**—When the carriage reaches the end of a line, the keys lock and nothing more can be written until the release button is used or the carriage returned to begin a new line.

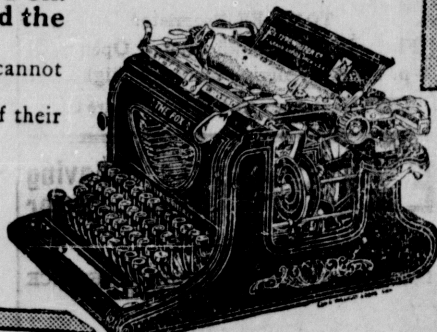

**ALUMINUM KEY LEVERS**—Key levers are made of aluminum. It is more expensive than steel or wood, but it is very much more desirable.

**TABULATOR**—The Fox ten stop decimal tabulator is attached when ordered, at slight additional expense. It is the only decimal tabulator in use on a visible typewriter.

Every feature on this machine has been tried out and demonstrated as successful on the Regular Models of the Fox. Unprejudiced experts have without hesitation pronounced the machine a marvel.

Ask your nearest typewriter dealer to show you this machine. If he cannot we will make it easy for you.

The regular models of the Fox are still the most perfect machines of their kind and their manufacture will be continued as before.

## TEXAS RETURNS.

About One-Fourth of the Total Vote Cast in Election.

Dallas, Nov. 7.—Of 53,728 election returns received Campbell, for governor, received 43,887; Gray, 6,179; Acheson, 1,483; Pearson, 850; Edwards, 860; Dowler, 109. This would indicate a majority of 150,000 for Campbell.

Exemption amendment is probably carried. Amendment providing a jury tax is in doubt.

All sixteen Democratic candidates for congress are elected. The only content of any interest was in the Fifteenth district, and Garner, Democrat, leads Moore, Republican, about two to one.

Amendment to increase the pay of legislators up to midnight Tuesday night was 9,347 for and 15,124 against.

## MASSACHUSETTS.

The Republicans, after a short but spirited campaign, were victors in the state election, Governor Guild being re-elected by a considerably increased plurality over last year, while his opponent, District Attorney John B. Moran, the candidate of the Democratic and Prohibition parties and Independence League, received a somewhat larger vote than that given the Democratic candidate a year ago. With two-thirds of the state vote tabulated Mr. Guild's plurality is estimated at about 37,000.

## CALIFORNIA.

George Stone, chairman of the Republican state committee, said to the Associated Press: "There is no doubt as to the result. It is only a question of plurality. Gillett has carried San Francisco by a plurality of 500 to 1,000 and the entire Republican state ticket, including eighteen congressmen, has been elected by a plurality exceeding 2,500." Representatives of the Union Labor party concede Gillett's election.

## ARIZONA.

H. B. Tenney, chairman of the Republican territorial committee, says: "The Republican will have a majority of 500. An unusually heavy vote was polled everywhere. The vote for statehood will not exceed 25 per cent in Arizona. Chairman Dillon of the Democratic territorial central committee estimates Smith's majority, Democrat, for delegate to congress, at 2,000.

## NEVADA.

Vote-counting, which is proceeding slowly, indicates Democratic-Silver party victory. Sparks, Democrat, for governor, is running ahead of his ticket from all quarters. Returns show Sparks, Hartnett, for congress, and Sweeney for justice of the supreme court in the lead.

## ALABAMA.

Alabama's vote was remarkably light. The entire Democratic vote, with the exception of sheriff of Walker county county, the Republican candidate having 150 majority, was elected. There will not be more than three Republicans and Populists in the legislature.

## TENNESSEE.

Reports from over the state indicate a large falling off in the Republican vote, and that the majority of Patterson, Democrat, for governor, will approximate 30,000.

## NEBRASKA.

Sheldon, Republican, is elected governor by about 9,000 plurality.

## Conferred About Bonds.

Austin, Nov. 7.—John H. Kirby of Houston was here conferring with the railroad commission regarding proposed issue of bonds on his road, the Burris, Bronfell and Chester railway, in east Texas. The road is to be eighty miles long and eight miles are completed.

The election returns came in yesterday from Kurten, Harvey, Wellborn, Edge, College and Millican. The returns were sealed, however, and the figures will not be obtainable before Monday. The light vote prevailed throughout the county.

In giving the list of county officers elect and the changes yesterday the Eagle omitted the name of Mr. W. C. Davis, representative elect. The new officers as well as those re-elected are worthy and capable.

**OKLAHOMA A SURPRISE**  
Democrats Make Almost Clean Sweep  
In Two Territories.  
**WRITE CONSTITUTION**  
Tams Bixby Concedes the Victorious  
Party All the Delegates Except  
Twelve, but the Latter  
Claim More.

Oklahoma City, Nov. 7.—The result of the election for delegates to the constitutional convention was a decided surprise to the Republicans, especially when their defeat is so overwhelming. The Democrats estimate their majority at 30,000 and claim they will have seventy-eight of the 112 delegates. In Indian Territory, particularly in the southern half, the Democratic majority is large.

Secretary Johnson of the Democratic committee says the Democrats will have more than eighty majority. It is stated that many business men did not vote.

Tams Bixby, chairman of Indian Territory districting board, concedes the Democrats all the districts but twelve. The Republicans seem to have lost every district south of the Canadian river.

In district No. 104, the largest negro district in the Chickasaw nation, W. H. Murray, Democrat, defeated M. V. Chindle, Republican, about two to one.

Hon. Peter Hanraty, delegate from the Nineteenth district to the constitutional convention, head of the labor organizations of the two territories and district president of the Mine Workers of America, says the labor vote in the convention will be 40 per cent of its membership.

In three voting places at Holdenville, I. T., there were less than a dozen Indian votes recorded. The Indians do not like the white man's way of voting. When they vote they assemble in two lines and count noses. In this precinct Messenger, Democrat, received 1,107 votes out of 2,198.

In the Purcell district McClain, Democrat, got over 600 plurality.

In the Guthrie district Jenkins, Republican, defeats Jamison, Democrat, by 120 votes.

Cloud, Republican, a full-blood Cherokee and a Republican, defeats Robertson, Democrat, by 88.

In the Newkirk, Okla., district King, Democrat, defeats Metzgar, Republican, by 311.

In the Pawnee, Okla., district Berry, Democrat, has 250 majority over Morphy, Republican.

In the Cashion, Okla., district Newell, Democrat, has a majority of 135 over Wright, Republican.

Johnson, Democrat, has in the Perry, Okla., district a majority of 250 over Boler, Republican.

Many are of the opinion that the negro question influenced numbers of Republicans to cast their ballots for Democratic nominees.

When Chairman Dunn of the Oklahoma Democratic committee returned to Oklahoma City from Alva, where he went to vote, he was met at the Rock Island depot by swell-headed friends, who cheered him all the way to the Lee hotel. He made a speech, in which he said: "This victory is the result of our organization, which has labored since July in the cause of our party. The victory cannot be called a Democratic one, but rather a victory of the people and by the people of the two territories. We had against us the work of the gerrymandering board, upon which there was no Democrat, and the districts were intended to be Republican. In the work the ignorant voter was taken advantage of and the intelligent voter was almost disfranchised. But the people have in this popular way rebuked the carpetbag misrule in both Indian and Oklahoma territories. It is now our duty to keep faith with the people who have given us these places to perform the most important of all work." (Prolonged cheering.)

Chairman Hammon of the Oklahoma Republican committee ascribes the defeat of his party to the prohibition issue and inability to convince Republicans of the importance of the election.

Indications are the proposed prohibition amendment was defeated. A statement from Republican headquarters Wednesday says the Republicans elected ten delegates in Oklahoma and from ten to fifteen delegates in Indian Territory, giving them from ten to twenty-five out of 112 delegates who will frame the constitution, for the new state of Oklahoma. News from country districts in Indian Territory comes in slowly.

**IMMENSE PLURALITY.**  
**Republican Candidate For State Treasurer Polls Tremendous Vote.**

Chicago, Nov. 7.—Illinois went Republican by over 100,000 votes for Smulski for state treasurer, footing about 120,000, with few districts estimated. Chicago gave the state ticket a plurality of over 50,000. The Republicans lost two congressional districts, apparently, in Chicago and two more in the state, making a gain of four for the Democrats and giving them five instead of one in Illinois congressional delegation.

**INDIANA.**

**Goes Republican, but Democrats Gain a Couple of Congressmen.**

Indianapolis, Nov. 7.—Late returns from Indiana indicate a majority of from 20,000 to 25,000 for the Republican state ticket, with the legislature Republican on joint ballot. The Democrats have gained two congressmen and possibly more. George W. Rauch defeated Representative Landis in the Eleventh district and John A. M. Adair defeated Representative Cromer in the Eighth.

**DISMISSED IN DISGRACE.**

**Entire Battalion of Negro Troops Must Leave the Service.**

Washington, Nov. 7.—Unprecedented in the history of the army of the United States is the action of the president just announced in dismissing in disgrace from the army an entire battalion of negro troops because of their failure to disclose the identity of some of their number who had been guilty of violence and murder. As an evidence, however, of his intention to the fair to the negro troops the president has accompanied this action by an order which may amount to the courtmartial of a white army officer of high grade, who was charged with having cast slurs upon the negro troops. The story of both actions is told in the following official correspondence, made public Tuesday by the military secretary.

The report of an investigation made by Brigadier General E. A. Garlington, inspector general of the army, relative to the riotous disturbance that occurred at Brownsville, Tex., on the night of Aug. 13, 1906, and that resulted in the death of one and the wounding of another citizen of that city, has been considered and acted upon by the president.

Members of companies B, C and D are forever debarred from re-enlistment in the army and navy, as well as not being allowed to accept government employment.

The president further directs that if Colonel Pitcher of the Twenty-seventh Infantry is correctly quoted in the following he be tried by courtmartial:

"The negro troops would never have been quartered at Fort Sheridan without a protest if I was to remain in command here," said Colonel Pitcher. "I never liked them, and the further away from me they are kept the better it pleases me. For the life of me, I can not see why the United States should try to make soldiers out of them. Certainly there are enough fine white young men in this country to make soldiers of without recruiting from such a source."

**ELECTION NIGHT CROWDS.**

**Millions of People Were Upon the Streets of the New York.**

New York, Nov. 7.—New York turned out its millions of the people Tuesday night for the usual election review. All the pent-up enthusiasm of an unprecedented state campaign was vented in a frenzy of noise. Broadway from Forty-second street to Tenth street and along Park Row from the Brooklyn bridge to the end of "News paper Row" was one mass of shouting, shouting people. Of noise, there was every variety it was possible to make with a pair of good lungs, horns or cow bells. It was a boisterous crowd, but good natured.

Beginning at the Times square at Forty-second street and Broadway was impassable to everything except pedestrians as far down town as Twenty-third street. The greatest crushes were around the Times square, Herald square, Madison square and Park Row. At these places, as well as at several other points bulletins were flashed by sheets and every one cheered impartially. Around Herald square the jam was terrific. Street cars could not get through, and only by getting in the currents that surged up and down the way was it possible for a pedestrian to make progress.

**JUDGE ASSASSINATED.**

**Stanley Welch Shot to Death While Asleep in Bed.**

Rio Grande, Tex., Nov. 7.—District Judge Stanley Welch was assassinated in his bed by an unknown person. District Attorney Kleiber occupied an adjoining room and went to wake the judge about 8 o'clock that morning. He found him stiff and weltering in blood.

The bullet entered over the left nipple, and he found it in the bed. Death was instantaneous. He roomed in a detached building of two rooms with a lumber floor. The windows and doors were open. Kleiber and some of the neighbors heard a pistol shot about 1 a. m., but paid no attention to it.

Judge Welch stayed here over election expressly to preserve order and keep the peace.

A man supposed to be the murderer was run after by officers when the shot was fired, they not knowing at the time hat had happened, until the body as found in the morning.

**HANDS WENT UP.**

**Three Men Secure Much Booty From a Santa Fe Train.**

Gallup, N. M., Nov. 7.—While west-bound Santa Fe passenger train No. 1 was standing on the tracks here Tuesday three men arrived with revolvers and entered the coaches and forced the passengers to hold up their hands. They secured several hundred dollars in money and several grips and overcoats from the passengers and made their escape. The crew of the train was in the dining room.

**PENNSYLVANIA.**

The most exciting campaign in Pennsylvania in twenty-five years has ended in a triumph for Edwin S. Etnum, Republican, for governor, over Lewis Emery, Democrat, and Lincoln, Populist. The Republican leaders claim their majorities will reach 100,000. Aside from the contest for governor and other state officers the chief interest centered in the battle in Philadelphia for district attorney and in a few congressional districts. Members of the lower house of representatives and county officers were elected in every county, and state senators will be chosen in twenty-five of the fifty districts. Samuel P. Rotan, Republican, was elected district attorney in Philadelphia by a vote which his friends claim will exceed 40,000.

**FLORIDA.**

All the Democratic congressmen in Florida are re-elected and the state ticket carried by a decided majority. The vote up to 2 o'clock Wednesday morning indicated the defeat of the drainage constitutional amendment by a vote in the proportion of 3 to 2.

**LOVE LAW UPHOLD.**

**Supreme Court, However, Holds Penalties to Be Invalid.**

Austin, Nov. 7.—The supreme court has handed down its decision on the Love gross receipts tax law, holding the act to be constitutional and valid, but that the penalties imposed by the terms of the act to be invalid, and that the act applies from the time the law became effective to the first of the year and not for the entire year of 1905. This was in substance the decision of the trial court. The railroads started the controversy by seeking writs of injunction against the operation of the law. The state then instituted suit against them to collect the tax imposed by the act. The lower court refused to grant an injunction, as defendants had an adequate relief outside of this proceeding; besides, it was a suit against the state and had been filed without the consent of the state. The Third court of appeals reversed the findings of trial court, deciding cases on contentions made by railroads.

The supreme court, through Associate Justice Brown, bases its findings principally on the noted Maine case, in which that state levied an excise tax on franchises of railroads. The court holds that the Texas law is, in substance, the same thing, except that it is termed a gross receipts tax and comes under the head of occupation tax.

The court renders judgment against the Galveston, Harrisburg and San Antonio railway for \$34,597, also for smaller amounts against two others, with interest at 6 per cent from Dec. 3 last.

The case will now go up to the supreme court of the United States, and it will be at least a year before it will be submitted to that tribunal. In this suit the state contended for the full amount of tax—that is, for the entire year—and for all penalties, but the court's decision on this point is adopted by the supreme court. As it stands the attorney general's department is highly elated over the decision.

Attorney General Davidson reached Austin Wednesday from his eastern trip, where he has been looking up evidence to be used in the Waters-Pierce anti-trust suit. He is in excellent humor, which is an indication that he was entirely successful. He said that he was perfectly satisfied with the progress of events up to this time; that he is sure of his grounds, as he has secured some of the best evidence in the suit. While in New York he arranged for taking depositions with Attorney Elliott, general counsel for the Standard Oil company, without having to obtain processes for attendance of witnesses. Mr. Elliott agreed to have all witnesses present whose testimony may be of use to the state.

**GREAT CONFLAGRATION.**

**Hamilton, O., Has Most Destructive One in Her History.**

Hamilton, Nov. 7.—The most destructive fire in the history of this city broke out early Wednesday morning in the dry goods store of C. D. Mathes & Co. on High street. The flames were communicated to the dry goods store of Holbrook & Co. and both stores were destroyed. The loss upon the buildings is estimated at \$150,000 and that upon the stocks at \$250,000. The flames leaped across the alley to the building occupied by the T. V. Howell & Sons' Dry Goods company and the Second National bank.

Assistance was summoned from Cincinnati and Dayton.

The Dayton fire department sent two hose companies and one engine company on a special train. Chief Larkin accompanied the apparatus.

**Elect Every Officer.**

El Paso, Nov. 7.—The Democrats elected every officer in this county. The entire vote was not over 1,200, and possibly Republican votes were cast. There was practically no interest here. The exact figures for governor cannot be given, but Campbell carried the county by approximately 100.

**GREATER NEW YORK.**

**Hearst's Plurality Was Nearly Seventy-Seven Thousand.**

New York, Nov. 7.—Hearst's plurality in Greater New York was 76,956. The vote by boroughs was as follows: Manhattan and Bronx—Hearst, 197,540; Hughes, 134,288.

Brooklyn—Hearst, 111,141; Hughes, 106,348.

Queens—Hearst, 22,221; Hughes, 14,162.

Richmond—Hearst, 7,310; Hughes, 6,518.

Almost complete returns from Greater New York for state offices show that aside from governor the Democratic state ticket carried by pluralities of 135,000 to 145,000. This would indicate that unless Republican candidates for offices below governor ran ahead of Hughes above the Bronx the full Democratic state ticket, except governor, may have been elected.

W. R. Hearst apparently carried only two counties in the state outside of Greater New York—Chemung and Schoharie. It was in his home city, however, that he encountered the bitterest and most determined opposition. Kings county, of which Pat H. McCarren is the Democratic leader, last year gave Hearst for mayor a large plurality, but Tuesday McCarren exerted all his forces to return Hughes a plurality in his county. His instructions to his captains were to scratch Hearst and to vote the remainder of the Democratic state ticket. While Mr. Hearst succeeded in carrying the county by a plurality of 4,563, returns for the remainder of the state ticket show his trouble with McCarren cost him dearly. The plurality in the county of Democratic candidates who were not affected by McCarren's order exceeded that of the head of the ticket by more than 30,000. Had Hearst received these votes it would have cut Hughes' lead in the state practically in two.
